

Town of St. Albans Mailbox Replacement Policy

Mailboxes are generally allowed to be placed in the Town right of way as a courtesy, and are not replaced if damaged due to the Town performing winter maintenance. On a case by case basis, the Town evaluates each incident to determine if the Town will pay for a mailbox replacement.

However, if a mailbox has been struck because of operator error or equipment malfunction, we will attempt to reset it. Most mailboxes are not struck directly by Town equipment but, by the snow and ice coming off the plow.

Approved this 6th day of March, 2017.
